Message: Lynn: Here is a response to Your order, please feel  
free to call me, Jim Matthews, or Lon Thomas, if You have  
Any Questions, I will mail You a hard copy of this also.

On a different issue, The thuy dept contractor by the Heber Quarry  
wants to dump some fill on my property. I would like to  
flatten out an area on the east half of my property with  
this fill, I need to know if this will effect my bond,  
I will have nothing to do with the mine operation.

Please Advise ASAP, I AM meeting with them on  
the 17th Thankyou Jim

Re: Case # M\051\001  
Results of the informal hearing on Nov. 20, 2000

In response to your order:

- A. The surety co. will be Holmes Organization, Inc.  
They are in the process of doing this but, will be unable to accomplish the bond approval by the 30 day deadline. Therefore we request an extension of time until Feb. 15, 2001.
- B. We also request an extension for installing the boundary posts, the weather will prohibit us from accomplishing this task, if we try to pound in the posts with the snow on the ground, the posts will fall over in the spring, therefore we would like to wait until the snow is gone. We are not, at this time, working near any of the boundaries.
- C. The blasting protocol is attached.
- D. We would like to extend the public explanation of the blasting protocol until we get closer to the high season so everyone will still be familiar with the procedures. In no case will we blast until this public meeting has taken place.
- F. The meeting with Wasatch county is set for Feb. 1<sup>st</sup>, at 10:00 am at 25 North Main in Heber City. This should meet the requirements of your written notice.

Please feel free to call , Jim Matthews or Lon Thomas if you have any Questions. 801- 262-4300 to contact either one of us.

Thank You

Lon Thomas

## **BLASTING WARNING PROTOCOL**

**Star Stone Quarries, Inc.**

- 1 10 minutes prior to blasting, blow vehicle horn 3 times for 30 seconds each time.
- 2 Send an employee to the bottom of the road to stop traffic from entering the property.
- 3 2 minutes prior to blasting, blow vehicle horn 3 times for 3 seconds each time.
- 4 After charge has gone off, the employee will check to be sure the road is free of rock.

THIS WILL BE STRICTLY ENFORCED

A handwritten signature in black ink, appearing to read "Lon Thomas". The signature is written in a cursive, flowing style with a large loop at the end.

Lon Thomas
